Product description	Like every year, at the beginning of the harvest, the millstones of the oil presses start their work without rest. The millstone made of "colombina" stone, rotating on the "pilla", will produce the miracle of the oil birth. "Terre Bormane" presents the extra virgin olive oil "Colombino" obtained by the simple pressure of wholesome olives carefully selected. "Colombino" is an excellent virgin olive oil with a full and palatable taste and an intense gold colour. It is not filtered, just subjected to customary, periodic decantings; a veil on the bottom of the bottle is a sign of genuineness.			
Matching	It is the ideal garnish for seasoning first courses, legume-based soups, game and red meats
